

Partners for Access and Identification (PAID) Project

The Paid Project is city-wide and helps vulnerable people get the identification they need to access health care, sources of income such as pensions, and other services. Because of the nature of street life, ID is often lost or stolen, and without basic ID—such as a birth certificate, health card or social insurance number—it is impossible to access basic services or find employment. We have over 40 PAID clinic sites in the GTA, and we serve approximately 8,000 homeless people annually.

Through regularly scheduled clinics throughout the city, PAID program works to help individuals who do not have a permanent address.

ID Workers can only assist clients with the following documents:

- Birth Registration
- Canadian Birth Certificate - wallet size
- Verification of Status - replacements (formerly know as Record of Landing)
- Ontario Health Card, if person does not have an address and ID

Unfortunately, ID Workers **cannot** assist clients who only have the following documents:

- Permanent Resident (PR) Card
- Canadian Citizenship Card
- Foreign Birth certificates
- Canadian or Foreign Passport
- Ontario Driver Licence
- Ontario Photo ID Card
